In honor of our 40th anniversary we are asking our alumni and friends to GET INVOLVED in your communities. A peaceful world becomes increasingly possible when citizens are engaged in their communities, diversity and creativity are fostered, and individuals have secure hope for the future.

We are encouraging alumni to organize service projects anytime throughout the year and share your stories. We also wanted to encourage people to organize around internationally recognized days so we can combine our efforts and feel a connection between our communities around the world. Suggested days include: Global Youth Service Day (April 12-14, 2019); International Day of Youth (August 12, 2019); World Hunger Day (October 16, 2019).

GET INVOLVED #CREATEALEGACY

- **Create** your own service project. Mobilize your resources and community to volunteer. It doesn’t have to be something big: You could create a food drive for a local food pantry or organize a cleanup for the park near your house.
- **Join** a volunteer project already happening. Maybe a local organization has already set up a beach clean-up or some other activity that interests you.
- **Volunteer** at a local nonprofit or charity in your community. Research to see if the local soup kitchen or animal shelter has volunteer opportunities available.
- **Perform** acts of kindness. Donate requested items to local charities or mow an elderly neighbor’s lawn.
SHARE YOUR STORY

- Let us know what you have planned, and we can share with our network around the world. We want to highlight our alumni stories.
- Use the hashtag #CREATEaLEGACY on your social media posts about your service project. Take a picture and post to Instagram, Facebook or Twitter. We will follow the hashtag and see all the service happening around the world.
- After you project fill out this simple reporting form. We want to know what you did and what you accomplished. We will gather all the results and share at our 40th Anniversary Gala in the fall of 2019.

If you can’t volunteer on one of these days – don’t worry! We still want to hear from you. Organize a project or volunteer any time this year to help Legacy International Celebrate our 40th Anniversary and let us know! We will be promoting other opportunities to volunteer and capture our impact around the world.

VOLUNTEER RESOURCES

- Youth Service America offers resources on developing service projects for youth and adults in multiple languages: https://ysa.org/resources
- Good Deeds Day provides resources and project ideas for projects all around the world: www.good-deeds-day.org/getideas
- Find a volunteer project in your community (mainly North America): www.pointsoflight.org/volunteer/opportunities
- International Association for Volunteer Effort exists to promote, strengthen and celebrate volunteering in all the myriad ways it happens throughout the world. www.iave.org
